Master's thesis by Nikki Rademaker

BEYOND THE

MOOD SWINGS

A Master's Thesis By Nikki Rademaker

Beyond The Mood Swings

Who am I?

- My name is Nikki Rademaker.
- MSc Media Technology student at Leiden University.

This Master's thesis explores if...

- Menstrual cycle phases influence anxiety levels and/or social perception.

What will you need to do?

- Fill out a quick daily survey (2-5 min) for two full hormonal cycles.
- Four short online tasks (15-25 min) across two months.

Who can join?

- Females currently menstruating naturally (not on hormonal birth control).
- Age 18+
- Speak English.

Why participate?

- Support mental health and hormone research.
- Learn more about your own anxiety patterns throughout your cycle.
- Help me with my thesis.
